Plans In Readiness For Swimming Pool

Worswick Street Paving company is busily engaged in preparing specifications for the construction of a swimming pool to be erected by John Nicholl on the side of his present water well.

The plans call for a building to be 50 feet in width by 125 feet in length which will make the pool large enough to accommodate all of those who care to take a dip in the tank during the coming summer months. Nothing definite has been given out as to the exact date when the construction on the bathing structure will be started but it is probable that the work of putting in the concrete swimming tank by Superintendent Paul will be started some time during the coming week.

It is planned to erect an elegant building over the baths in which will be the regulation dressing rooms and lockers to accommodate in the neighborhood of 1500 bathers.

The need of a bath house was first brought to the attention of Nicholl by the recent news stories published in the Record-Herald showing that the boys who cared to take a dip in the bay were compelled to undress on the open beach, causing many of the residents considerable annoyance.

CITY COUNCIL POSTPONES HARBOR MATTER LAST NIGHT

Adjourned Meeting of City Dads Held at Which Some Routine Business is Ground Out—Barely a Quorum is Present at Session—Ordinance Creating Office of Sanitary Inspector is Discussed By Members Present—Councilman Penry Becomes Ill Which Necessitated an Adjournment

The city council held an adjourned meeting last evening in the city hall with barely a quorum present. Councilman Garrard presided in the absence of Mayor O. R. Ludewig and Councilmen Fernald, Penry, Lane and Willis answered the roll call.

The idea of holding the odjourned meeting was for the purpose of taking up the plans and specifications for the inner harbor which had been recently submitted by the engineering firm of Haviland, Dozier & Tibbits, but Councilman Garrard was of the opinion that matters of such vital importance to the city should be disposed of by more than a mere quorum and so the harbor details will be a subject for the consideration of the board at the next regular meeting on Monday evening.

The recommendation of City Engineer Chapman that R. A. Woods be appointed street inspector on the Meyers sewer job was laid over until next Monday night.

Permission was granted the California Street and Road Improvement company to erect a shed for mixing asphalt. The plant will be located at the old Tilden & Eakle lumber yard. It has been given out that the local representative of the company will soon begin the erection of a $15,000 plant for his corporation.

The ordinance creating the office of sanitary inspector came up for consideration, but after much discussion it was decided to pass the matter up to the next meeting of the board. While the ordinance was being talked over Councilman Penry became ill and so the meeting adjourned.

Recall Law Has Proved To Be Vicious Measure

That the recall law of California in its present form is a vicious measure has been amply demonstrated in the matter of the attempted recall of Senator Owens in the Ninth Senatorial district, comprising Marin and Contra Costa counties At the behest of a minority of the people of the district and because of a fancied grievance Owens was put to the necessity of spending a large sum of money and much valuable time to protect himself against scandal and vituperation. The State Federation of Labor launched into the campaign against Owens a great amount of money and every resource was brought to bear by this organization to accomplish his defeat, but without avail. Owens came out victorious and will return to Sacramento at the coming session of the legislature to accomplish much good for the people of this district.

The vicious nature of the recall law in force in California at this time is shown especially in the points which permit a very small majority of the people to invoke it at the expense of the many and also by its provisions whereby a multiplicity of candidates make it practically impossible for any state offi-

DETECTIVE'S CASE COMES UP ON APPEAL

The appeal in the Cradlebaugh case, the Burns detective, who was convicted in the superior court of this county of beating a prisoner and sentenced to a year's imprisonment and $1,000 fine, will be heard in argument before the Appellate court on April 13. Cradlebaugh has already served five months of the sentence imposed by the court in the county jail and with next month his application for parole will will be given hearing by the sheriff and district attorney.

FORMER LOCAL BOY IS SELLING AUTOS

Francis George of Sacramento, formerly connected with the mechanical force of the Mt. Diablo garage, was a visitor in town today meeting many of his old friends. George at the present time is connected with the sales force of a well known automobile company with headquarters in Sacramento from which place he works the northern end of California.

GRAMMAR NINE IS SANDLOT VICTOR

The high school "Freshies" may be far advanced in different book lore but in baseball they still have to bend in humble submission to the grammar school "Kiddies" as was shown in the sandlot game played yesterday afternoon which ended 8 to 6 for the grammar nine.

LABORER HURT WHILE AT WORK IN BIG BORE

Perhaps the first real accident that has occurred in the workings of the big municipal tunnel was that of M. Erodovich, a laborer, who received several bad lacerations about his head and face today due to a small cave in. He was rushed to the offices of Dr. C. L. Abbott where his injuries were given prompt attention and he was able to return to his home.

Erodovich was working in the far end of the tunnel with a number of other fellow workers when a shower of small rocks fell upon them.

Meat Inspection Law Comes Up Monday

City Attorney Hall has completed a draft of an ordiance which provides for drastic meat inspection in Richmond which will be submitted to the city council at the next regular meeting Monday evening. At last evening's meeting of the city council the ordinance was discussed and it is the opinion of the members of the board that this city is in need of such a measure as is now proposed.

The ordinance provides a fine of $300 for a violation of its provisions and makes it a crime to sell or offer for sale any tainted or diseased fish, fowl or meat of any kind. The sale of any carcass of any animal which has come to its death by disease or natural causes is also strictly forbidden. Bob veal and veal from a calf under four weeks old is also forbidden by the proposed law.

It ois expected that no opposition will be manifest at the passage of the ordinance at the next meeting of the council. It is said that Mayor O. R. Ludewig is heartily in favor of the proposed law.

DISLOCATES HIS SHOULDER TRYING TO BOARD CAR

In an attempt to board a rapidly moving car at the Standard Oil works last evening, F. C. Lautenschlager, residing at 239 Seventeenth street, slipped and fell sustaining a dislocation of his right shoulder besides several contusions about his face and head.

He was picked up in a bleeding condition and rushed to his home, where he was given prompt medical attention.

CHILDS LEAVES TO JOIN COLUSA NINE

"Midget" Childs, the former Richmond ball player, who has been on the St. Marys' College roster, left today for Colusa, where he goes to hold down the shortstop position on that team at a flattering salary of $20 a game.

The work of the little fellow has been carefully watched by scouts from the Trolly League who reported his playing as very favorable to the fast company that he is to play in.

EASY VICTORY FOR HARLOW AS SCHOOL TRUSTEE

The election for high school trustee which is to be held tomorrow promises to be very close. Of the two candidates in the race for the office it is expected that E. H. Harlow, master mechanic at the Santa Fe shops, will pull out with the coveted position when the last of the votes are counted.

Harlow, during his residence in Richmond, has always been a leading figure in all municipal affairs and his many friends are going to replace him on the board.

TABLES INSTALLED IN NEW CLUB HOUSE

The work of installing the lunch tables in the new Pullman club house was commenced today. The new structure is nearly ready for use and is fitted up in an excellent manner for the use of the Pullman employes.

The building is to be divided into two compartments one of which will be turned over for the use of the women employes of the plant.

PULLMAN HOTEL TO BE REPAIRED

A permit was granted Mrs. M. E. Smith of Berkeley by City Architect Ogborn for the repair of the front of the Pullman hotel, located at the corner of Pullman avenue and 23rd street.

The entire front of the building is to be remodeled at a cost of $700.

STANDARD OIL TAKES A VERY SUDDEN DROP

Standard oil took a sudden drop today at the corner of Sixth street and Macdonald avenue when one of the rear wheels on the large oil delivery wagon came off, causing the entire load of 2500 gallons to hit the street.

No damage was done to the wagon or loss of oil sustained as a result of the mishap.

"GREYHOUND" WILL CARRY PICNICKERS

M. E. Ackers, a well known resident of Pullman will within several weeks put in operation his new gasoline launch, "Greyhound," which he intends to run on regular trips between El Campo and this city.

RICHMOND MAN IS OUT FOR THE ASSEMBLY

Lester Osborn of the Stege district, has announced himself as a candidate for Assemblyman from the eighteenth assembly district. Osborn has resided in Contra Costa county for the past six years and has a wide acquaintance. For some years Osborn has been connected with the proofreading department of the state printing office.

Osborn is a Republican and will make his fight for the nomination on the Republican ticket.

CHIEF ON STAND IN BIG TRIAL

Chief of Police Arnold, in company with Sergeant Ruiz and Bertillion Expert Phillips, left on an early train today for Martinez to be present at the trial of Hanlon, Brown and Mooney the three alleged dynamiters.

It is rumored that the chief has some very damaging evidence which will greatly aid District Attorney McKenzie in his prosecution.

Ackers made several bay excursions last summer and found such a demand for the use of his craft that he is again going to cater to picnic parties.

Packed House Greets 'Elks Tooth' Last Eve

A packed house greeted the initial performance of the "Elks Tooth" staged at the Richmond theater last evening by H. L. Brown, under the auspices of Richmond lodge of Elks.

The clever acting of H. L. Chapman and Earl Morgan brought rounds of applause from the audience. The entire house was sold for the play which speaks highly for the large amount of boosting done by the local "Bills."

J. C. Snee, as the globe trotting German tourist, made the hit of the evening. His comedy was a scream from start to finish.

Miss Etta Olsen and Miss Ella LaSelle were each presented with several large bouquets for the splendid manner in which they carried out their parts. Following is the cast that will make its second debut this evening:

Captain Blowhair, of the Steam Yacht "Sea Queen,"—Thos. Joy.

Bowlin Knott, first officer—Otto Dietrich.

Will I. Strand, manager of the "Garden of Roses Opera Co."—Herbert Lang.

Caroline Winnerway, prima donna of the "Garden of Roses Co."—Miss Ella La Selle.

Easy Tyme, an American literary hobo—H. D. Chapman.

Wiennie Wurst, a German American Tourist—James Snee.

Chief Cookem Quick, a cannibal warrior—Earl Morgan.

Michael Patrick Ferguson, secretary to the king—Chas. F. Donnelly.

Hi Mogul, ruler of Kokoma island—Frank Gordon.

Carmine, a rebel of Kokoma—Miss Etta Olson.

Princess May, a daughter of the king—Mrs. E. M. Ferguson.

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

THE FORGOTTEN WOMAN ON THE FARM

In the effort at improving farm conditions which the national Agricultural Department is making in many ways, a new departure is chronicled. Heretofore, aside from the police work of pure food inspection, agricultural quarantines and the like, the effort has been chiefly toward promoting the science of production on the farm, and the promotion of knowledge of shipping and selling. So we have consideration of better markets, better shipping facilities, the extension of rural credits, and so on. But now Secretary Houston calls attention to that long talked of subject, the position of women on the farm. One sentence of his statement is this:

"On many farms where there is always money enough to buy the latest agricultural appliances there is seldom a surplus to provide the woman in her productive work with power machinery that will lighten her physican labor, or running water that will relieve her of the burden of carrying from the pump all water that is used by the household."

For years this has been discussed more or less but little headway has as yet ever been made toward alleviating conditions, and it is time American manhood was asserting itself in behalf of the woman on the farm. The insanity of farmers' wives from loneliness and hard work has been one phase of the crying need for better social consitions in the country. The Department sent 55,000 circulars to farmers' wives, asking them to state their needs, and the response was large and pathetic. The overwork of farm women and the fear of the effect of it upon their children was the burden of many replies. Many asked the Department to prove to the men that women's work is worth something in dollars and cents. Others said that their own lot is hopeless and asked only that better schools, cheaper books, more lectures, libraries and museums be provided for their children.

The conclusion is what has been recognized for years, that the neglect of women on the farm is an atrocious reality, a serious indictment of our civilization. More comfort, more conveniences, more company, are crying needs of the farmers' wives. If social workers want to reach one of the sorest spots in our civilization and want to save the fine womanhood that is wearing itself out in hopeless and largely needless drudgery, let them seek to know the routine of daily life of women on the farm. It is a nation-wide condition, and a pitiful one.

That the rivers and harbors bill passed congress substantially as it was presented by the committee, proves that our good opinion of the members of that committee and of the government board of engineers was well founded when we returned from Washington last summer and wrote in these columns that whatever that board agreed upon would pass the congress. They are a hard-headed, common-sense lot of business men and want cold facts, and it pleased them much that the Richmond delegation gave them facts and figures instead of hot air and oratory. The rivers and harbors bill is always a big thing to get past. It embraces all sections of the country and carries with it the expenditure of many millions, and to have it go through about as framed up by the committee speaks well for the committee.

The secret of the fierce fighting at and around Torreon is that the federals were entrenched in the high hills surrounding that city and had a number of machine guns. If there is any one thing more than another in this world that a Mexican will not face, it is a machine gun. Whenever they see anyone beginning to turn the crank on a machine gun they break their necks running in the opposite direction.

A pessimistic exchange remarks that business is also watching and waiting. Business always does that for a while when there is a change of administration. It is to be expected. Just have a little patience and business will come out of its hole all right. It is getting better now, every month.

Why doth the small boy burn with zeal
To bust things and destroy?
Because he cannot help it,
Being just a little boy.

Billy Sunday says that if the Lord would send him to hell he would depopulate it. Guess that's right. If we were there and saw Billy coming we'd certainly leave if possible.

Yesterday a little dude of a drummer, with a high collar and hair parted in the middle, and who handles corsets and a sideline of perfumed soap, was loudly criticizing "Grape Juice Billy" on account of the Mexican policy. We intended to ask him how much taxes he paid toward the support of the army and how many Mexicans he would undertake to personally kill, but the fice dogs met on the sidewalk and started a canine argument and we forgot all about the corset statesman.

Did you ever notice that whenever anything comes up that in any way interferes with special privileges to a trust concern how the average Republican will howl his head off about it? In the name of common sense, why should the shipping trust be given free tolls, or given anything else free? Buy a ticket over any of their lines and see how much they will give you free. They'll give you a swift kick unless you have the price, and a good big price it always is.

The squeak and screech of Harry Hammond's peanut whistle seems to have penetrated many far off nooks and corners, while the Record-Herald and Contra Costan got there with both feet. Joe Tracy had much to contend with at Pittsburg, too, but he stood by his guns. As the primer of our school days used to say, "it was a glorious victory."

Columbia wants an apology and $25,000,000 for the wrong we inflicted by the Panama transaction. Maybe if she got the money she would waive the apology. And between you and I, she has it coming, for we stole that land, and that's all that she can be made out of it.

Cultivate the acquaintance and association of little children, and it will do you good. They are innocent, and the more you associate with innocence the less time you will have to associate with people and things which are not innocent.

Collier's notes that a wise and witty observer of the present administration says: "It's a cinch for the Democrats. When the administration does anything good, praise Wilson. When it does anything bad, blame Bryan. Bryan's the goat."

Congressman Vic. Murdock of Kansas is standing for toll exemption. He will find that Progressives, no more than either of the old parties, can build substantially on sullied honor.

"The Kansas Apologist" has no apologies to offer, thank you. The people backed his judgment with their votes, and that is glory enough. 'Raw for everybody!

When Senator Owens defeated Sumner Crosby we wrote a poem about it, entitled "Up Salt River," but will not be so cruel now, not wishing to "rub it in."

Notwithstanding they go around with half bared breasts and low slippers in cold weather, women live longer than men, chiefly because they absorb less booze and nicotine poisons.

As the tango gets in its work among married people as well as the single, rocking the cradle gets more and more a lost art.

When Roosevelt shot the rapids of that South African river the Progressive party came near being drowned.

What has become of the old fashioned girl that used to get embarrassed and blush?

The weather is a great blessing to many—gives them something to talk about.

30,000 VOICES!

And Many Are The Voices Of Richmond People

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from backache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Richmond people are in this chorus. Here's a Richmond case:

Mrs. M. E. Stubblefield, 534 Ripley Ave., Richmond, Cal., says: "Two of my family have used Doan's Kidney Pills and in both cases the best of results were had. One of the family suffered from attacks of backache and often felt too sick to run down to do any housework. Doan's Kidney Pills cured this case. Recently, I gave Doan's Kidney Pills to one of my relatives who had weak kidneys and couldn't control the kidney secretions. It wasn't long before this weakness went away. I strongly recommend Doan's Kidney Pills to all sufferers from kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

RELIGIOUS NUT TAKEN TO THE COUNTY SEAT

A. Kellar, the religious fanatic arrested yesterday for assaulting a colored girl, was taken to Martinez last evening by Sergeant Ruiz where his case will be investigated by the insanity commission.

During the trip from this city to the county seat Kellar kept the passengers in the smoking car on edge by his wierd preying and singing. Kellar made several attempts to get away from Sergeant Ruiz, saying he wanted to see the colored girl whom the Lord had decreed was to be his wife.

BABIES START ON WORLD TOUR

SAN FRANCISCO, April 2.—Alice wished to pay her fare and ride like a lady. But William said no. He argued that if they saved the 50 cents they would have just that much more to spend when they got on this side of the bay.

Alice stuffed a "nightie" into her mother's handbag along with some other things. But William made her take it out and put six ham sandwiches in its place. Then they slipped away from home just as day was breaking. Home is at 702 Eleventh street, Oakland.

Alice and William McMenamy are twins. They are just six. William knows a conductor who runs to Richmond. William insisted they go that way for two reasons. One was because it would cost them nothing and the other was because he wanted to look at the country.

When they got to Richmond William hit on another plan, Alice protested. But it was no use. William had his own way. He helped her into a big wagon filled with milk cans, and tailored things are so fashionin. The driver didn't see them.

William and Alice munched sandwiches while the driver drove. He drove on board the ferry steamer San Pablo at Richmond and the San Pablo crossed the bay to San Francisco. So William was right. It cost them nothing.

When they landed at the ferry William left Alice in the waiting room while he went to inquire the way to the exposition grounds. When he got back he found a big blue coated policeman talking to her.

"Say, you are too fresh," said William to the policeman.

"I am, am I," said the policeman. Whereupon he grabbed William by the coat collar and told Alice to come along. The policeman was Thomas Flood.

Flood took the twins up to the police station where they did some explaining. Then he took them to the city prison and later they were taken to the Detention Home. From there word was sent across the bay to their parents.

Late yesterday afternoon William and Alice's father, George McMenomy, came to take them home.

"Well, we saw a lot of things, anyhow," said William when he left.

"I'm always going to pay my fare hereafter," said Alice. "It always pays to pay your fare."

MATRON HOSTESS AT DINNER PARTY

Mrs. I. H. Horner was the hostess at a delightful dinner party held at her home 227 Fifteenth street last evening. Those present were Mrs. E. Bremes, Mrs. H. Wright of Fairview, Ohio, Mr. and Mrs. C. D. Horner and daughter, Helen, Mrs. I. H. Horner and E. M. Horner.

RICHMONOITE DIES AT THE COUNTY SEAT

MARTINEZ, April 2. — Andrew Bradley, a victim of pulmonary tuberculosis, passed away at the county hospital today. He was taken there yesterday for treatment. He was 28 years of age, a resident of Richmond, where his brother, M. Bradley, is employed by the Standard Oil company.

"CHERRY'S"

"WILL YOU REMEMBER IT NOW?"

"Just remember 'CHERRY'S' when you go to seek a new spring suit. They have such enchanting styles at Cherry's!"

"Oh, yes I've heard of Cherry's. And I'm in love with the suit you bought there, Sallie. But you know I can't afford an expensive one like that."

"Expensive? Just $25 is what I paid. Or, rather, $25 was the price—but I paid only $10. I'm buying it ON CREDIT.

"Have you ever used your credit when you wanted something new to wear, Jean? It's a fascinating way to do, when your credit is good at a beautiful store like Cherry's.

"The dresses are so exquisitely dainty and bewitching and the waiste an dtailored things are so fashionable and tasteful. And a little payment down with a few dollars every week or month until it's all paid will make you the possessor of any of those lovely clothes.

"I suppose you know Cherry's address, Jean? They have two stores in Oakland. The ladies' store is on 13th St., at 515, and the men's store is just across at 528 13th St. They also have stores in San Francisco, at 1009 Market St. and 2400 Mission St. Both these stores carry women's and men's clothing. The Los Angeles store is at 636 So. Broadway. Advt.

WET WEATHER FOR APRIL SAYS FATHER RICARD

Here, in summary, is the April weather forecast of Father Ricard of the University of Santa Clara:

There will be enough rainfall. The temperature will be more evenly distributed than during March.

There will be a warm wave from April 6 to about the 10th.

The last 10 days will be a series of warm waves and a time of severe storms throughout the world.

New disturbances will enter on the coast April 4, 5, 12, 18, 22, 25, 28 and May 1, 5; possibly also April 7, 8.

Father Ricard points out that his predictions of disturbances for March were all fulfilled, although only the last three came sufficiently far south to attract attention in California.

GUN CLUBS TO SHOOT ON SUNDAY

MARTINEZ, April 2.—The first match shoot in which the members of the Alhambra Valley Gun Club have participated will be held at the traps on the Burnham ranch next Sunday morning when the teams of the Richmond and Martinez clubs meet. Ten men from each club will comprise the team, each man shooting 50 birds.

A number of the local crack shots will be unable to take part in Sunday's shoot but President Burnham states that he has three crack shots who are members of the club who will be entered. The Alhambra club team members will be chosen from the previous shoot scores, owing to the rain having prevented the try-out shoot last Sunday.

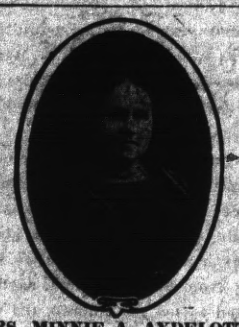
LOCAL MAN WILL GO TO MARTINEZ

C. E. Dickinson, formerly proprietor of the stationery store at the corner of Macdonald avenue and Eighth street, will leave on Saturday morning for Martinez to accept a position with the Selby Smelting company.

Dickinson has made a large number of friends during his extended residence here who will be sorry to learn of his leaving.

MACCABEES HOLD A BIG INITIATION



MRS. MINNIE A. AYDELOTTE
Of Oakland, State Commander of Ladies of the Maccabees.

The members of Richmond Hive, Maccabees of the World, were greatly honored this afternoon by being hosts at Bank hall to a number of the high officers of the order, chief among whom was Mrs. Minnie W. Aydelotte, State Commander of the organization.

The early part of the afternoon was taken up with initiatory work which was put on by Mrs. Mahor of Fruitvale Hive, Mrs. Hoffman of Santa Cruz Hive and Mrs. Lulu Rose of Richmond Hive.

Following the afternoon's affair a luncheon was served by a committee composed of Mesdames Ivy Dietrich, Woodworth, Peeke and Grover.

JUSTICE KERRIGAN VISITS RICHMOND

Justice F. H. Kerrigan, of the district court of appeals, from San Francisco, was a visitor in Richmond today a guest of Dr. C. L. Abbott, who piloted the jurist about the city this afternoon. Justice Kerrigan paid a friendly call at the Record-Herald office for the reason that a long time ago the judge was engaged in the newspaper business and says he has a warm spot in his heart for editors and reporters.

Judge Kerrigan announced that he will be a candidate to succeed himself next fall, although his visit to Richmond had no political significance as he came over to see Dr. Abbott on matters not relating to the political game.

Charles Robinson and wife, of Sacramento, are spending several days visiting with friends in this city.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism.

It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacob's Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

WINTERS FAMILY LEAVES ALPS FOR RICHMOND HOME

Albin Winters, brother of Adolph Winters, the local florist received a telegram at a late hour today stating that his wife and child had started on the first lap of their 7,000 mile journey to this city from their home in the Austrian Alps.

Winters is arranging to meet his wife and child at New York upon their arrival coming thence direct to Richmond, where they will make their home.

Women!
If weak, you need Cardui, the woman's tonic. Cardui is made from gentle herbs, acts in a natural manner, and has no bad results, as some of the strong drugs sometimes used. As a medicine—a tonic—for weak, tired, worn-out women, Cardui has been a popular success for over 50 years.

Take CARDUI
The Woman's Tonic
Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general housework, for a family of 9." Try Cardui for *your* troubles. It may be the very remedy you need.

IN MEMORIAM

(To the merory of John Edward McElherron.)

In a near and silent graveyard,
Where the trees their branches wave,
Lies a loving son and brother
In his cold and silent grave.
When he rose at early morn
Full of health and life so gay,
He never thought it was the dawning
Of his last and dying day.

"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, bad smelling, sweaty feet. No more pain in corns callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief. Just use "TIZ." "TIZ" draws out all the poisonous exudations which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.

Get a 25 cent box at any drug or department store, and get relief.

CONTRA COSTA COUNTY NEWS

MARTINEZ

The editorial scribe of this paper visited Martinez Monday and appeared before the board of county supervisors, asking that the county exhibit being gathered by World's Fair Commissioner John Birmingham for the Panama Pacific Exposition be put in the Richmond-Contra Costa Exhibit now being gathered for permanent exhibition purposes in San Francisco. Both the board and Mr. Birmingham thought the plan was good and the exhibit will likely be moved from Oakland soon. The county fathers were in special session about a lot of road work and other county business and we found them to be a fine lot of gentlemen, both personally and officially.

Dunkel was roaring about the tax on automobiles, but Al Sullinger was giving thanks that there was no tax on wheelbarrows, as he uses one every day, planting blackberries and other nice things on his home place at Martinez.

Ralph Wight was much elated at receiving a bid on the best box for the operatic production to be given by the Choral Society, from W. H. George, manager of the Cowell Cement Works, of $50. It is not thought that figure will be overbid and that the box will go to George Others are bidding for the other boxes in various sums. George says he is going to pick out a bunch of his huskiest men and seat them in that opera box, bearing a sign that they represent the damaging effect on health of cement working.

George Meese and J. Rio Baker were holding a private council, and we attempted to butt in, thinking maybe it had something to do with county politics, but come to find out they were trying to devise ways and means whereby Meese could let loose of about fifty pounds of his weight and Baker could put it on. The result is still in doubt.

Martinez certainly did itself proud on the vote to sustain Senator Owens, sending down the Senator a compliment that he ought to be, and doubtless is, very proud of. To pay them for this "indiscretion" however, the same busy bees that brought about the recall election now say they intend to at once start an initiative movement for another special election, (regardless of expense), for the purpose of moving the court house from Martinez to Richmond. This will take a two-thirds majority, and judging by the vote they got throughout the county Tuesday they will have to scratch like a hen with a new brood of chicks to scrape up that many. But then Mr. Hasey is at the head of the movement, and little stunts like that don't worry him any.

Sheriff Veale placed us under arrest, intending to take us over to his house to lunch, but we jumped bail and escaped, with his sleuths hot on our heels with dark-lanterns and handcuffs.

Editor Rugg had just returned from a two-weeks' jamboree at Los Angeles and the beach resorts of the southern part of the state, where he shooted the shoots, bumped the bumps and utterly ruined his editorial dignity. And Sharkey is mad because he still has to wear his and try to keep in on straight, when he wants to go fishing and camping instaid of educating a lot of people who won't be educated.

Charley Bacon is working on his new abstract business which he is to open up in Richmond July 1st and is getting everything in good shape for the move.

Ralph Arnold, a local engineer, has announced his candidacy to succeed Elam Brown as county surveyor. Messrs. Brown and Farley of Richmond, are also candidates for this office, with other precincts yet to hear from.

The school children held a very beautiful flower show this week, which attracted much attention and interest. Martinez is lucky in that it is a veritable flower garden for miles around.

Much interest is being taken in the new county chamber of commerce, which is organizing and perfecting arrangements to boost Contra Costa. It is about time that Martinez woke up and took an interest in such boost movements, in which it has been signally lame in comparison to other sections of the county. It also needs a good strong local board of trade, and needs it bad.

Attorney Ralph Wight, in extending complimentary courtesies to this office for the grand opera play, "The Outlaws of Sherwood Forest," to be given by the Martinez Choral Society the middle of this month, and which we learned while up there a few days since is to be the biggest and best show ever staged in Contra Costa county, assures us that it will not be necessary for us to borrow somebody's spike-tailed coat, but to just slip on any old thing and come along. All right, we'll slip on a banana peel. Wight says as soon as this big show is over he intends staging another—a sort of editorial boxing match, in which Editors Rugg and Sharkey are to do a ten-round bout, Marcus of Gooseberry rules. Editors Hammond and Tracy are to be referees, Galvin and Crompton seconds, this scribe and Miss Burke (ha!) are to be the audience (fine.) Editors McDaniels and Laidlaw are to be timekeepers if anybody can be found who will chance lending them a watch, and Ed Ebsen is to take in the cash at the door provided Banker Downer will go on his bond, which is doubtful. The proceeds will be donated to Hearst, De Young and Older with which to buy grease for their hot air machinery.

PITTSBURG

The Pittsburg Post went to the bat hard against the Owens recall, and while Scharrenburg went up there and undertook to stir up an opposition, and succeeded to a small extent, the vote of Pittsburg went favorable to retaining Senator Owens.

The Native Daughters of Pittsburg are to give a fancy dress ball on the evening of April 18th, which is to be nice social affair. Pittsburg is noted for its pretty Native Daughters, which is one reason immigration is attracted in that direction. The men are pretty good looking fellows around there, also, except, of course, Joe Tracy.

Pittsburg has a local baseball team now that thinks it can play ball, but we don't believe it can. If it will come down here to Richmond our fast flyers will just naturally eat 'em up! Now, just listen to the Post snort in its next issue!

A lot of big ocean going vessels laden with lumber docked at Pittsburg this week. That is getting to be some port, if anyone should ask you, with lots of shipping going on, both in and out.

Among other improvements going on is the erection of a new school building, in which the new idea will be taught to shoot straight.

ANTIOCH

The Masonic fraternity of Contra Costa county has all arrangements perfected to capture Antioch bodily on April 19th, in their big annual get-together banquet and meeting, and it looks now as though the citizens would surrender without firing a shot. Arrangements have been made to show the visiting Masons every possible courtesy. They will be taken through the big canning factories and shown how the hundreds of carloads of vegetables are handled there; they will also be shown through the big paper mills and shown its working wonders, after which they will be wined and dined on a big scale. It is expected that hundreds will be there from all parts of the country, as well as from Oakland, San Francisco and other cities.

The Busy Sisters of the Congressional church gave a big clam chowder dinner this week and the Ledger force are now feeling better—first real good "square" they had enjoyed for a long while.

Fred Sanders is to be the new postmaster at Antioch, having received official notification from Washington of his appointment.

The contracts for the new pumping and filtering plant for the waterworks was not let at the meeting of the town trustees, as the bids were not satisfactory, and other bids are being asked for.

An exciting boxing bout was held a few evenings since, which attracted fight fans from far and near. One of the mills got so fierce that the constable had to stop it.

BYRON

Harry Hammond's peanut whistle made such a noise around the Byron country that one couldn't hear the meadow lark sing, but Tuesday night when the vote was counted it was found that the whistle had blown the opposition to Senator Owens clear over into the river and sloughs of the next county, where they were buried forked-end up and drowned fatally dead.

Some big-hearted farmer sent the Times bunch a bushel of that fine big asparagus they raise up around the Byron-Brentwood country, and now they have to let their belts out three holes.

The big irrigation project is moving along satisfactorily, and in due time that whole country around there will blossom as the rose. The soil is fine and there is no end of it, and now that the water is on the way to it the country will take on a fresh boom as well as a big bloom. California soil, water and climate works miracles, around Byron as well as elsewhere.

AFRICAN MISSIONARY WILL GIVE A TALK

Twenty-two years in the "long grass" in the heart of heathen Africa without a furlough qualifies a man for "Thinking Black," in the opinion of Dan Crawford, a versatile Scotchman who in 1889 plunged into the interior from the west coast to take up the work of David Livingstone, his celebrated fellow countryman. The story of his travels and achievements reads like a romance. Private secretary to a savage monarch who boasted five hundred wives, translator of the Bible into the Bantu language, one of the richest tongues in the world, tireless preacher and loving helper of the sick and helpless, builder of roads and model villages for the improvement of the social and the moral life among whom he toiled; such is the story of more than a score of years of "Thinking Black," the title of his book recently published.

Few men from abroad have stirred England as has Dan Crawford with his inimitable stories of travel and travail, of toil and triumph, of sorrow and salvation. He is in California for a few engagements before sailing for Australia and thence to his beloved Africa, never again to return to civilization.

Dan Crawford will tell his wonderful story of missionary struggles and triumphs at the First Baptist church of San Francisco on Easter Sunday morning, when he will be the guest of Pastor Geo. E. Burlingame in the pulpit of this historic Baptist church. Mr. Crawford is himself a Baptist.

Tuesday evening, April 14, a mass meeting will be held under the auspices of the Golden Gate Union of Christian Endeavor, when Dan Crawford will speak. This meeting will be held at the First Baptist church, Octavia street, at Market, the city headquarters of the C. E. Union. The meeting is open to everybody without charge.

MANY ARE GUESTS AT JOLLY PARTY

CALWA TO HAVE A NEW TEAM IN RACE THIS YEAR

Superintendent Berndt, of the California Wine association is completing arrangements for the organization of a baseball team to represent Winehaven for the coming season.

The Winery boys had a fast team on the diamond last year and it is with this fact in view that Superintendent Berndt is urging the organization of another team. Robert Wack, a clever infielder, has been chosen to guide the destinies of the new Calwa team.

A SOCIALIST'S VIEW OF THE SITUATION

Richmond Cal., April 2, 1914.
Editor Record-Herald:

The Labor Movement has been whipped again. What are we going to do about it? Here is a Socialist view:

The recall campaign just closed was simply an attempt to solve, by a short cut, instead of the sure and certain "Longer way round" the question: How shall labor obtain, in government, the regard that is its due.

There are two theories of the administration of public affair. The one generally recognized is, that the business interests that furnish employment and products to the people should be promoted. The other is, that the life and liberty of all individuals shall be the first concern of government, and that liberty must include the right to produce and consume or it is not liberty.

Organized labor has never committed itself to the latter theory. In industry it says: "A fair day's wage for a fair day's work." This admitting the right of Capital to own and dictate Labor means and opportunity of employment. In politics, it says, "Labor should reward its friends and punish its enemies." thus ignoring the necessity of having a program of its own. How this plan works out was illustrated in the election returns Tuesday night.

In the general election of 1912 Labor, which always casts most of the ballots, elected a State Senator who promised to represent all interests, those of business as well as those of labor. His record, in his first session was such that Labor moved for his recall, at a special election. The expense involved aroused a strong opposition among taxpayers. This feeling, added to the personal popularity of the Senotar and the united support of business interests that were logically in his favor, formed a power against which the forces of the recall movement spent themselves in vain. The result does not mean that the real question at issue is decided. The shallowest observer could not fail to see that not the Senator but what he stood for was the real target. The conclusion is unavoidable that Labor must adopt a better plan than that of electing self proposed candidates and depending on their fear of recall to secure their fidelity. That men who understand the nature of the conflict between the rights of humanity and the rights of property and are identified in their financial interests, reputation and habits of thought with the former can be trusted in office by the working people has been proved by the unflinching faithfulness of thousands of such officials in nearly all covilized countries.

Such a candidate was defeated in the campaign just ended, though the returns show him to have been the popular candidate, had the recall won. He was named for the same place two years ago and had the forces of labor made as vigorous an effort then as now it is reasonable to suppose that he and several other working class representatives would now be serving the cause of labor as government officials.

The question today is, shall labor select candidates within its own forces and elect them? Its ability to do so is indisputable. Its right to do so, self evident, the advantages to be gained thereby, immeasurable, the objections to such actions puerile, the failure to try, disgraceful.

Every consideration of self interest demands that labor take counsel wit hitself, formulate and put in effect its own policies; Labor is not crushed; this reverse is but the result of selecting the wrong weapon for the work in hand. We must not refuse to learn from our mistakes, nor think that the loss of a battle is the failure of a campaign; it has merely brought the question closer.

The same poverty and insecurity of employment that threatened us yesterday grale at us today. The same, and only avenue of escape, is open to us viz: To unite our forces and possess for ourselves tools and resources by which we live.

O. J. GIBBONS.

EAST TO HELP IN DRY CAMPAIGN

WESTERVILLE, Ohio, April 2.—The campaign that is being waged by the Anti-Saloon League of America in Washington, California, Oregon and Colorado for statewide Prohibition is a part of the general program of that organization for national Prohibition. It is for that especial reason that the national organization is making the fight of its life in these states.

During April and May, the strongest orators the League can secure are to hold great mass meetings at all the principal western points as "openers" for the general contest that will be waged.

Ernest H. Cherrington, general manager of the more than forty periodicals of the League, is now on the coast making business arrangements in the four states for the details of the campaign. A part of this program will be the installation of a four-state literary bureau at either Seattle or Portland, in which a force of writers and cartoonists will be employed to furnish every newspaper in these pivotal states with up-to-date information regarding the progress of the fight. A free plate service will be established for all local weeklies that desire the information in that form. A telegraphic service will also be instituted.

It is a part of this national program, also, that led up to the decision, a few days ago, to establish a dry daily newspaper at Washington, D. C., the first issue of which will be on the day that Congress meets in December. With this daily, and with the forty weeklies and biweeklies, the League proposes to carry the fight for a saloonless nation into every congressional district in the United States. Congressmen who have supported the dry proposal will be vigorously supported for re-election, and congressmen who opposed or knifed the dry policy will be just as vigorously fought in their own districts.

"The congressman who sides with the people against the brewery corporations will be supported with every resource that our 150 branch offices can muster, and the other fellows will find that there is still a God ruling over Israel," declares National Superintendent Dr. Purley A. Baker. Dr. Baker has just returned from a preliminary tour over the Pacific states and declares that "the saloon is doomed on the whole Pacific Coast."

It is believed by the national leaders that a dry victory in the Western states this year will create such a tremendous impetus for national Prohibition as will be wellnigh irresistible.

NATIONAL BREAD FOR ALL PURPOSES

"Hello, Eddlemon, say, we're so well satisfied with your bread and pasteries at home that I am going to give an order for our social banquet that comes off in a short time. We'll have the list of what we need made out tomorrow and I'll bring it down to your store at the corner of 9th street and Nevin avenue."

"Say, Earl, it would do you good to see my kids go after your bread—with good butter, they'll make a whole meal of it." Advt.

MOONEY DYNAMITING CASE ON TRIAL THIS AFTERNOON

"You're it," said Mrs. Thomas J. Mooney, as she snapped her camera at Detective Swenson at the Martinez station. "I'll show you how to trail me." Mrs. Mooney is the wife of the man whose trail began yesterday at Martinez on a charge of having high explosives feloniously in his possession.

According to Mrs. Mooney's story she has been playing tag with the detectives, who have been watching her ever since her husband, with Joe Brown and H. G. Hanlon, was arrested by the Richmond police on the San Pablo shore, where their boat was found to contain a number of dynamite caps wired to batteries and an alarm clock.

"I have snapped with my camera, or sketched, every detective they have sent to watch me," said Mrs. Mooney. "They don't like it, eother. I can spot them every time. When I find one following me, I drop back and walk with him, as though I was his wife. They try all sorts of dodges to get rid of me, but the only way they can shake me off is to go into a saloon and stay there. I have a gallery of their pictures now. They sent one woman detective to take music lessons of me. I charged her $10 for two lessons and she never came back."

Only One Juror Contested

While she has been visiting Martinez to see her husband, who has been in jail there since December 28, Mrs. Mooney, who is a music teacher, has acquired a number of pupils in the Contra Costa county seat, to whom she gives regular lessons.

The jury which is to try Mooney was completed yesterday with unexpected expedition. Only one juror was seriously contested by the attorneys, T. Clinch, a member of a Richmond labor union. Labor union affiliations of the prospective jurors occasion the chief care of Attorney J. J. Barrett for the prosecution, while Maxwell McNutt for the defense was equally careful to inquire into possible connections with the Pacific Gas and Electric company. The only flare-up in an otherwise peaceful day came when McNutt asked a venireman of he would be prejudiced by the fact that the district attorney was assisting the attorneys for the Pacific Gas and Electric company to prosecute Mooney. Barrett instantly resented the question, but Judge Barber directed the lawyers to proceed. The defense used eight of his ten peremptory challenges, one to get rid of a talesman who said he regularly furnished supplies to the Pacific Gas and Electric company. The prosecution used up four of its six challenges.

Technical Defense Indicated

McNutt's questions seemed to indicate that the defense may offer no evidence and rely only on the technical contention that the detonating caps found in the boat were not sufficient to be classed as high explosives. When adjournment was taken last night, the case went over until this afternoon to allow Attorney J. J. Barrett to attend the funeral of the late James Humphrey in San Francisco.

H. G. Hanlon, one of the trio of accused men, secured his release on bail Tuesday night. Bonds in the amount of $5000 were furnished by his mother. The cases of Hanlon and Brown were set yesterday for next Monday.

The jurors who will try Mooney are: Frank Dutra, Peter Peterson, C. T. Schellenberger, Peter Garrity, Paul Bartnett, J. O. Hole, William Hughes, W. H. Tormey, Thomas Jones, W. S. Burpee, J. B. Costa, and Henry E. Zrown. All are farmers except Bartnett, Hole, Burpee and Costa. Bartnett is a blacksmith, Hole an employe of the Standard Oil company and Burpee and Costa are merchants.

The case came up today at 1:30 before Judge Barber of Shasta county.

NOTICE TO WAR VETERANS

In order to obtain exemption of assessment of property as Veteran of the wars of the United States as provided in Section 1 1-4 of Article XIII of the Constitution of the State of California, it will be necessary to apply in person at the County Assessor's Office, Martinez, Cal., before the 20th day of March, 1914, (and each year thereafter) and swear to the proper Affidavit of Exemption. In making this application it will be necessary to present your honorable discharge. The applicant shall be entitled to exemption only on property within the County in which he or she is a resident: EXCEPT in those cases, where the value of the applicant's property is less than $1000. If through any physical disability, you are unable to appear at the Assessor's office, notify the Assessor and a Deputy Assessor will be sent to your residence, with the proper affidavit of exemption.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink. Advt.

ENORMOUS CROWDS AT OAKLAND ORPHEUM

Enormous crowds have packed the Oakland Orpheum since Fritzi Scheff began her engagement last Sunday and the prospect is that every record for attendance will be smashed at the big temple of vaudeville on Twelfth street before the week is finished. There is certainly magic in Miss Scheff's name. It is not often that so delighted a program of vaudeville surrounds a star as that which has been framed to appear with Miss Scheff. From beginning to end the performance is a delight and that is one reason, of course, why the crowds are enthusiastic in the praise of the entire program.

Fritzi Scheff's gowns naturally interest the ladies for they are marvels of art and as the prima donna wears a different one each day many of the matinee girls have gone several times just to get a glimpse of Fritzi's millinery and her sartorial creations.

The current show at the Orpheum is made especially interesting to the dancing enthusiasts by the exhibition which Mr. and Mrs. Vernon Castle give of their dancing "before the camera." The thousands of people who dance the tango and hesitation waltz and who have heard of the great fame of the Castles naturally want a glimpse of these dancers and there is great enthusiasm while they are shown. They are unquestionably the most perfect film of the kind ever exhibited. They show the Castles leaving their beautiful home in New York and later dancing at a New York resort going through all their many intricate and beautiful steps.

Shirl Rives and Company would ordinarily have the place of honor at the top of a vaudeville bill which they well deserve. Miss Rives is a beautiful woman with a fine voice and her play, "The Song of the Heart," is artistic and clever and highly enjoyable.

Mindel Kingston and George Ebner received a pleasing welcome every night for they are special favorites and their offering which they call a "Vaudeville Flirtation" is certainly full of snap, spice and sparkle.

One of the great hits of the show is made by Parillo & Frabito, two Italian street singers and accordeon players who are unquestionably the cleverest that were ever sent over the circuit.

The Kaufman Brothers who are just back from England with a lot of tuneful nonsense create many laughs and win much applause.

Edward Gillette with his wonderful monkey bowlers, probably the best troupe of monk comedians ever gotten together, close the show with a great flourish.

Matilda & Elvira, two pretty dancers from France, open the performance, their Spanish dancing being peculiarly beautiful and fetching.

The Orpheum management announces that Harry Lauder, the famous Scotch singer, will appear in singing and talking pictures at the Oakland Orpheum next week, a feature that is expected to pack the house to the doors at every show.

RECALL LAW HAS PROVED TO BE A VICIOUS MEASURE

(Continued from Page 1)

cial to retain his office against attacks of adroit enemies. That Owens was not recalled is due entirely to his personal popularity and the fact that his friends rallied around him and repelled the malignant attacks of his foes. It is estimated that the Owens recall election cost all told fully a hundred thousand dollars—money that was worse than thrown away. That is to say it cost all parties connected with it that sum of money and by all parties we include the State Federation of Labor, the taxpayers of the district and Owens himself.

There is yet one election precinct to hear from in this district, Clayton in this county, and without it Owens had a majority vote over all his opponents of 1783. Returns from Clayton will increase this by perhaps fifty votes. Leonhart, the Socialist on the ticket was the high man and Owens beat him by 4677 votes, which we submit was a record to be proud of, for there is no questioning the popularity of the senator in the entire district.

Even in Richmond, where so much effort was put forth by the allied interests of union labor, socialism, and sore-headed politicians, the latter belonging to all political clans, or none at all, Owens beat Leonhart, the high man by a vote of 131. On a three-to-one shot, to use the expressive phrase of the race track, this is "going some." So it will be seen that Owens was more than a match for the best man which could be brought against him in the district where he was most strongly attacked and he beat the entire "field" in the race in the district by more than 1800 votes. Owens should be proud of the support accorded by his constituency at the polls, for he is more firmly entrenched in the hearts of his people than ever before.

NATIONAL BREAD FOR ALL PURPOSES

"Hello, Eddlemon, say, we're so well satisfied with your bread and pasteries at home that I am going to give an order for our social banquet that comes off in a short time. We'll have the list of what we need made out tomorrow and I'll bring it down to your store at the corner of 9th street and Nevin avenue."

"Say, Earl, it would do you good to see my kids go after your bread—with good butter, they'll make a whole meal of it." Advt.

COP GETS MAN AFTER A LONG CHASE YESTERDAY

After an exciting chase last evening which started in the vicinity of the Richmond lumber yard and ended near Tenth street and Macdonald avenue, Officer Munday managed to collar a man, giving his name as Joe Welch who had been acting in a suspicious manner about the Southern Pacific station.

Welch, when searched, at the station, was found to have a large knife in his possession. The man will be held for several days until his record can be investigated.

COUNCILMEN DISCUSS ANTI-SPEED LAWS

At the meeting of the city council last evening the members of the board present took up a discussion of the proposed anti-speed ordinance. If the law now under consideration passes its final reading speeders in this city will have to look out and mind their p's and q's for the new ordinance will make it a crime to run an automobile or other motor vehicle at a faster speed than fourteen miles an hour. Of course this slow speed will be restricted to the main thoroughfares of the city.

On the streets in the resident section of the city drivers will be allowed to speed up to nineteen miles an hour. The state law prohibits a speed exceeding fifteen miles an hour on the main streets of any municipality. The idea at first was to make the speed limit the same until City Attorney Hall advised that if the state law was copied all moneys for fines for violations of the law would go into the state treasury instead of the city's coffers.

The ordinance will come up for adoption next Monday evening.

Baseball Napoleon Is Confident of Victory

Puffing at one end of a big black cigar, Manager "Rigeley" Greathouse of the Richmond team strolled into this office last evening where he started to unfold his reason why the Redwood City team would lose Sunday afternoon.

"Of course," stated the little manager, "the Timber city nine has a a very clever pitcher in Keating, but after summing up all the pitching qualities of both Keating and Burns, I think that Charlie has it in many ways on his rival. Burns is not only clever but has the endurance to carry him through any game, which is saying a great deal for any twirler.

"Then there is Cliff Cleek whose work behind the rubber this season has been nothing short of phenominal in that not more than five men have reached the second stopover out of the eight games played.

The little baseball Napoleon puffed several rings of white fumes into the air which when they hit the ceiling broke and scattered about the office.

"In regard to that County Baseball league," said Greathouse, "well, I will say this much, and that is should the right proposition be made the local team will enter the race for that strip of cloth that is referred to by baseball scribes as a pennant. Well I must be going, but wait, here's the lineup of the Redwood City nine:"

Keating, pitcher; L. Mahler, catcher; Williams, first base; Kennedy, second base; Griffin, third base; Smith, shortstop; Carter, left field; De Knight, center field; D. Mahler, right field.

PROGRESSIVE CLUB HIGH JINX

ENJOY APRIL FOOL DAY BANQUET

The members of the Progressive club of the Pullman district gave a high jinks and banquet last evening to the lady members of the organization in their quarters at the corner of Potrero avenue and Laurel street, and proved to be one of the most enjoyable affairs ever undertaken by club members.

The evening was spent in various forms of entertainment of which dancing was a feature. At 11 o'clock a most excellent banquet was enjoyed by the 150 people present.

Jack Holliday, vice president of the club, acted as toastmaster of the evening and in a neat address told a most interesting story concerning the objects of the club and the good work accomplished for the annexed district and for the entire city. In the course of his talk Mr. Holliday informed his hearers that at the present time petitions were in circulation addressed to the State Railroad commission asking for a reduction of fares on the lines of the San Francisco-Oakland Terminal railroad between Richmond and Oakland to the extent of eliminating one of the five-cent fares now charged in order that our citizens be able to travel to our sister cities of Berkeley and Oakland for ten cents. The petitions further set forth that it is the desire of the citizens that commute books be issued between Richmond and Oakland at the rate of three dollars per month, with all transfer privileges.

Councilman Lane was one of the guests of the evening and during the course of his remarks stated that the city council as a body appreciated the efforts of the club members in their efforts to secure improvements in their district and assured his hearers that the city council would support any movement to help the annexed district.

Secretary H. H. Turley, of the Sequoia Commercial club, spoke at length on the proposed city charter amendment.

Other speakers of the evening were A. J. Mendersee, president of the club; Messrs Tanner, Schwartz, Summers, Kearn and Randall; Mesdames Mendersee, E. Tanner and A. Bryde.

The progressive club orchestra was one of the features of the evening's entertainment. The musical program rendered constituted of vocal solos by Mrs. A. Bryde, Mrs. A. J. Mendersee and Mrs. Hannigan.

One of the features of the banquet were the numerous April Fool dishes served on the table. A large bowl of delicious salad proved to be made up of excelsior. Chocolate cakes made of sawdust and rubber beefsteak brought forth much merriment when some of the guests attempted to devour the make-believe eatables.

The committee responsible for the entertainment was made up of the following well known members of the Progressive club:

E. Tanner, Chas. Randall, G. Dohrman, J. Russell and A. J. Mendersee.

April 25 — Saturday evening: grand vaudeville entertainment and dance at Maple Hall, Third and Ohio streets, by the teaching staff of St. Mark's Sunday school, for the benefit of St. Mark's church.

OLD FLAG WILL BE KEPT AS A RELIC OF BANK

The old flag that has clung in tattered shreds to the pole at the top of the First National bank for the past five years was this morning taken down and a new flag was hoisted in its place. Manager Chas. J. Crary of the bank has had a small Spanish cedar box made in which the old flag will be kept.

The new flag is 10x24, making it one of the largest in this city.

LOS ANGELES STOMACH SUFFERER SAYS MAYER'S REMEDY SAVED HIM

H. W. Hanna Tells How Wonderful Treatment Ended His Troubles

H. W. Hanna of 618 West Fourth street, Los Angeles, was a sufferer from stomach and digestive trubles. He tried many remedies.

Then one day he took Mayr's Wonderful Stomach Remedy and found himself on the way to health. In telling of his experience he wrote:

"Your Wonderful Stomach Remedy is all you claim it is, in my opinion. Your medicine cured me."

With just such expressions thousands of users in all parts of the country praise this remedy. The first dose convinces—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucoid accretions and removes poisonious matter. It brings swift relief to sufferers from stomach, liver and bowel ailments. Many declare that it has saved them from dangerous operations and many are sure that it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Richmond pharmacists and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments, and many grateful letters from people who have been restored. Any druggist can tell you about its wonderful effects.

NOSE AND HEAD STOPPED UP FROM COLD OR CATARRH, OPEN AT ONCE

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrah, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils, penetrates and heals the inflamed, swollen membrance which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's" Cream Balm and your cold or catarrah will surely disappear.
